Your team needs print, promo and apparel items, and you don't have time to manage everything for everyone.

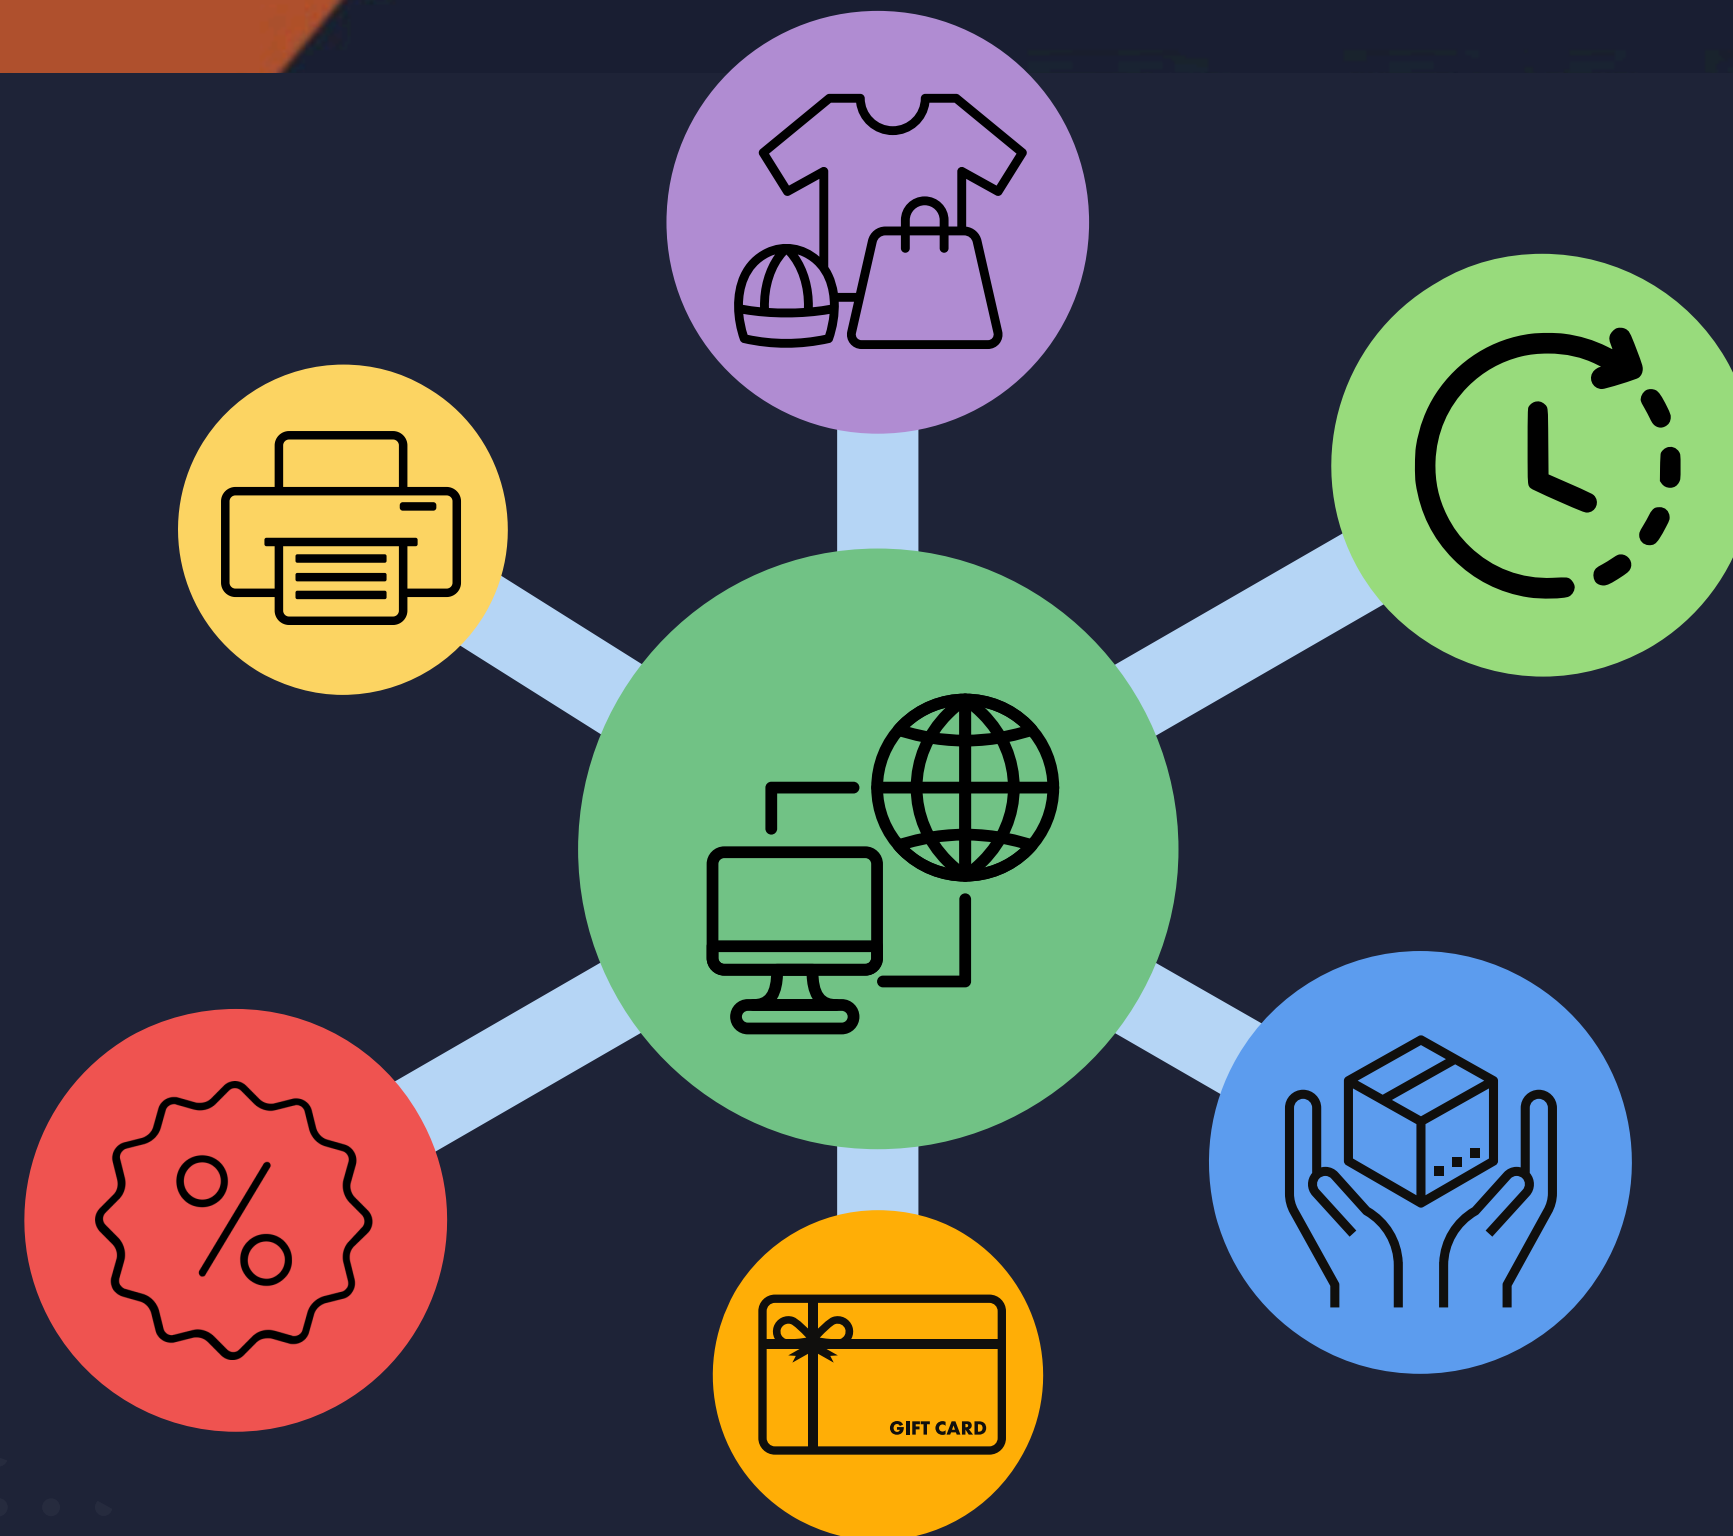

BrandCo will bring all the pre-approved branded products to your teams devices.

We streamline business processes, but still offer you the control of spending accounts, budgets, real time reporting and tracking or even final approval of orders (think, gatekeeper) all on your branded personalized company store, we manage for you in house.

KEY BENEFITS:

- **Brand Consistency** – Keep your logo and colors uniform across all products
- **Simplified Ordering** – Easy access to pre-approved items
- **Budget Control** – Set spend limits, approval workflows, and reports
- **Time Savings** – Eliminate manual orders and back-and-forth emails

STORE TYPES

Reward & Point Programs incentivize employees and clients for achievements, goals, and KPI success by offering loyalty rewards like points or point-based stores.

Sales & Marketing Enablement Stores stock materials like promotional giveaways, sales kits, or branded apparel—used by field reps, franchises, or branches.

Popup Stores are a growing trend, running for a limited time to feature new products, holiday sales, team gear, or group buys.

Micro-Stores allow you to showcase multiple product catalogs under one domain, making them ideal for businesses targeting specific clients with tailored products and services.

Corporate Merch Stores allows employees and partners to purchase uniforms, safety gear, and merch that aligns with the company standards and branding.
